## **I. FOREWORD FROM THE DIRECTOR**

As you know, English is acknowledged as the widespread and common communication language in our globalizing world. In addition, English is accepted as a common and international scientific language. The goal of English Preparatory School is to help students, despite their level, realize their language learning potentials and contribute to their success.

The objective of our Preparatory School Division is to equip students with language skills sufficient to help them follow classes in their Faculties.

Based on the 'one language, one person' motto, our Foreign Languages Division aims to teach our students a second foreign language (German, French, Russian, Greek, and Chinese) other than English that will help them succeed in the world. We organise Turkish courses that will help our students from other countries gain Turkish language skills to survive in daily life. We also offer academic English courses for our students who continue their English-medium faculties after English Preparatory School Division to help them follow courses and succeed in their departments. Finally yet importantly, we offer English courses for our students who continue their Turkish-medium faculties to help them express themselves in English. Additionally, the Turkish Preparatory School, which is under construction, aims to offer Turkish courses for non-Turkish students who will receive Turkish-medium education to help them understand and follow their courses.

In today's world, the most important objective of education is to raise multi-cultural global citizens and individuals who respect and understand all cultures because of this multi-cultural nature; to help individuals receive education and mainstream in the same classroom with students from other nationalities in the globalizing world. In addition, it is aimed to equip students with the language skills required in higher education standards.

## **II. HISTORY**

Foreign Languages and English Preparatory School (FLEPS) continues its existence since the establishment of EMU in 1979. Eastern Mediterranean University (EMU) provided only English-medium education until 1996. Our school, which only functioned as English Preparatory School during its early years, changed its function and took responsibility for new duties based on the global changes and the new vision and mission adopted in EMU. FLEPS has always fulfilled its responsibilities with utmost care and it still does.

Our school, which started as English Preparatory School in its early years, took the name School of Foreign Languages later on and for the past 5 years, continues to fulfil the new duties with the name of Foreign Languages and English Preparatory School (FLEPS).

The name FLEPS reflect two main divisions under our school: English Preparatory School Division (EPS) and Foreign Languages Division (FL). EPS Division provides intensive English education for new students registered to English-medium programs without adequate level of English. FL Division offers advanced English courses for students who successfully complete preparatory school education or are exempted from EPS. Additionally, students studying in Turkish-medium programs are provided English education suitable for their levels, and all EMU students are offered elective foreign language courses such as German, Greek, Russian and French. Our FL Division also offers Turkish courses for students coming from foreign countries. In addition to these, English support courses are provided for Postgraduate students without adequate levels of English. Starting from 2016-2017 Academic Year, Turkish support courses are also offered for students who would like to study in Turkish-medium postgraduate programs.

Our school, continuing intensive work on establishing a language policy and bringing a standard to language education at EMU, has been successfully representing EMU on all language-related platforms through its works and achievements since its establishment. Our school, which started providing education with a few teaching staff and classrooms shared with various departments, is now providing education with its strong academic staff and 3 main buildings in classrooms equipped for quality language education.

### III. VISION

EMU-FLEPS, a regional leader in the provision of language learning programmes, aspires to continuously enhance its learning opportunities and programmes to meet the changing needs of its students and stakeholders and co-create learners / graduates ready, willing, and able to communicate in a multicultural world at recognised international standards.

We aspire to continuously enhance our programmes to meet the changing needs of our students and stakeholders through co-creating language learning within;

- **A Community of Learning** – driven by the desire to promote sustainable life-long practices that are both required and useful in the ‘real world.’
- **A Community of Reflection, Self-Assessment and Individual Growth** – engaged by a love of collaboration, communication, and creativity.
- **A Community of Belonging** – grounded on a passion for modern, democratic, multicultural understanding and mutual respect.

#### IV. MISSION

At EMU-FLEPS, we continuously strive to achieve our VISION by actively breathing life into our motto '**ENGAGE, LEARN, REFLECT, COMMUNICATE, and GROW**'. To fulfil its mission, FLEPS:

- ✓ *Prioritises the 'use' of language over 'knowledge of' forms, structures and lexico-grammatical features.*
- ✓ *Draws on student-centred, evidence-based and innovative approaches to language learning and teaching.*
- ✓ *Undertakes to provide students with opportunities to identify their weaknesses and strengths, self-assess and evaluate their own work, and develop meaningful learning goals and study systems.*
- ✓ *Makes meaningful use of EdTech tools in line with the principle of 'Learning FIRST, Technology SECOND'.*
- ✓ *Pays as much attention to professional teacher learning as we do to quality-driven student learning and success.*

#### V. PRINCIPLES

Foreign Languages and English Preparatory School (FLEPS) acknowledges the following as its principles:

- bringing its education system to internationally accredited standards, making its programs aligned to the CEFR for languages, both in English Preparatory School Division where students receive intensive English instruction preparing for their English-medium programs, and Foreign Languages Division where students continue receiving English support and take other foreign languages courses;
- using English as the medium of instruction in both Preparatory School and Foreign Languages Divisions where support is provided for English-medium programs;
- using Turkish as the medium of instruction in Turkish Preparatory School where support is provided for non-Turkish students studying at Turkish-medium programs;
- ensuring a student-centred teaching approach, using the appropriate methodology and instructional technology for this end;
- creating course programs which are flexible taking individual differences into account;
- fostering collaborative learning instead of competitive and individual learning;
- considering the demands of the twenty-first century teaching skills, employing appropriate instructional technologies in all programs to maximise learning;
- addressing relevant cultural and social issues in order to expose students to the target language and its culture more effectively.

## VI. EQUAL OPPORTUNITIES POLICY

### A. Basic principles

- Every member of the school is regarded as of equal worth and importance, irrespective of his/her faith, culture, class, race, gender, sexuality and/or disability.
- A good work environment for academic staff and a good education for all our students are possible only if equal opportunities practices are an integral feature of all aspects of the life of the school.
- Equal Opportunities practices should be evident in:
  - the formal curriculum (the programme of lessons);
  - the informal curriculum (extra-curricular activities); and
  - the 'hidden' curriculum (the ethos of the school, the quality of personal relationships, etc.).
- All members of the school should be aware of our equal opportunities policies. This includes students, academic staff, education support staff, administrative staff and parents.
- Any member of the school acting in a manner contrary to the spirit of the policy should be made aware of the unacceptable nature of his/her behaviour.
- Equal opportunities issues should be seen as inter-related and as applying to all aspects of our school life. This should be kept in mind when reading the points outlined below, which cover the main areas.

### B. Religion

- We acknowledge that members of the school come from diverse backgrounds: some have no religious faith, others are committed to a greater or lesser extent to a variety of religions. We seek to promote an ethos of tolerance based on understanding of and respect for the beliefs and practices of others.

### C. Culture, class and race

- We acknowledge that members of the school come from diverse cultural, racial and socio-economic backgrounds and we endeavour to foster an atmosphere of mutual respect in order to help to promote a school and a society in which there is social, religious and racial harmony.
- We are happy for our staff and students to wear special forms of dress where these are an essential part of their religious or cultural background – headscarves, etc.
- We will not tolerate racist behaviour in any form.

### D. Gender

- As a school, we are aware that there may be gender inequalities in our society which tend to impose limits, particularly on girls' expectations and behaviour, so we constantly examine our curriculum, procedures and materials for gender bias or inequality.
- We encourage our students to be aware of the rigid sex stereotypes presented

by, for example, the media. We try to ensure that our resources include non-sexist books and materials which value the achievements of women as well as men.

- We try to ensure that academic staff allocates their time fairly between the sexes, and that all students have opportunities for working with students of both sexes.

### **E. Sexuality**

- As a school, we make no assumptions about the sexuality of any of our members.
- Offensive name-calling (of any sort) is unacceptable.

### **F. Recruitment and selection**

- We endorse in full the policy statement of our university's *Equal opportunity in employment*.
- The school's staff development and recruitment and selection policies are based on good equal opportunities practice.
- The university's recruitment policy and procedures are clearly outlined in the web-site, <http://ww1.emu.edu.tr/en/academics/job-opportunities/1237>
- Our school's Equal Opportunities Policy applies for the selection of ICELT candidates and any other professional development course. We clearly announce the procedures for application, screening and selection of candidates for the course.

## **VII. ACCREDITATION**

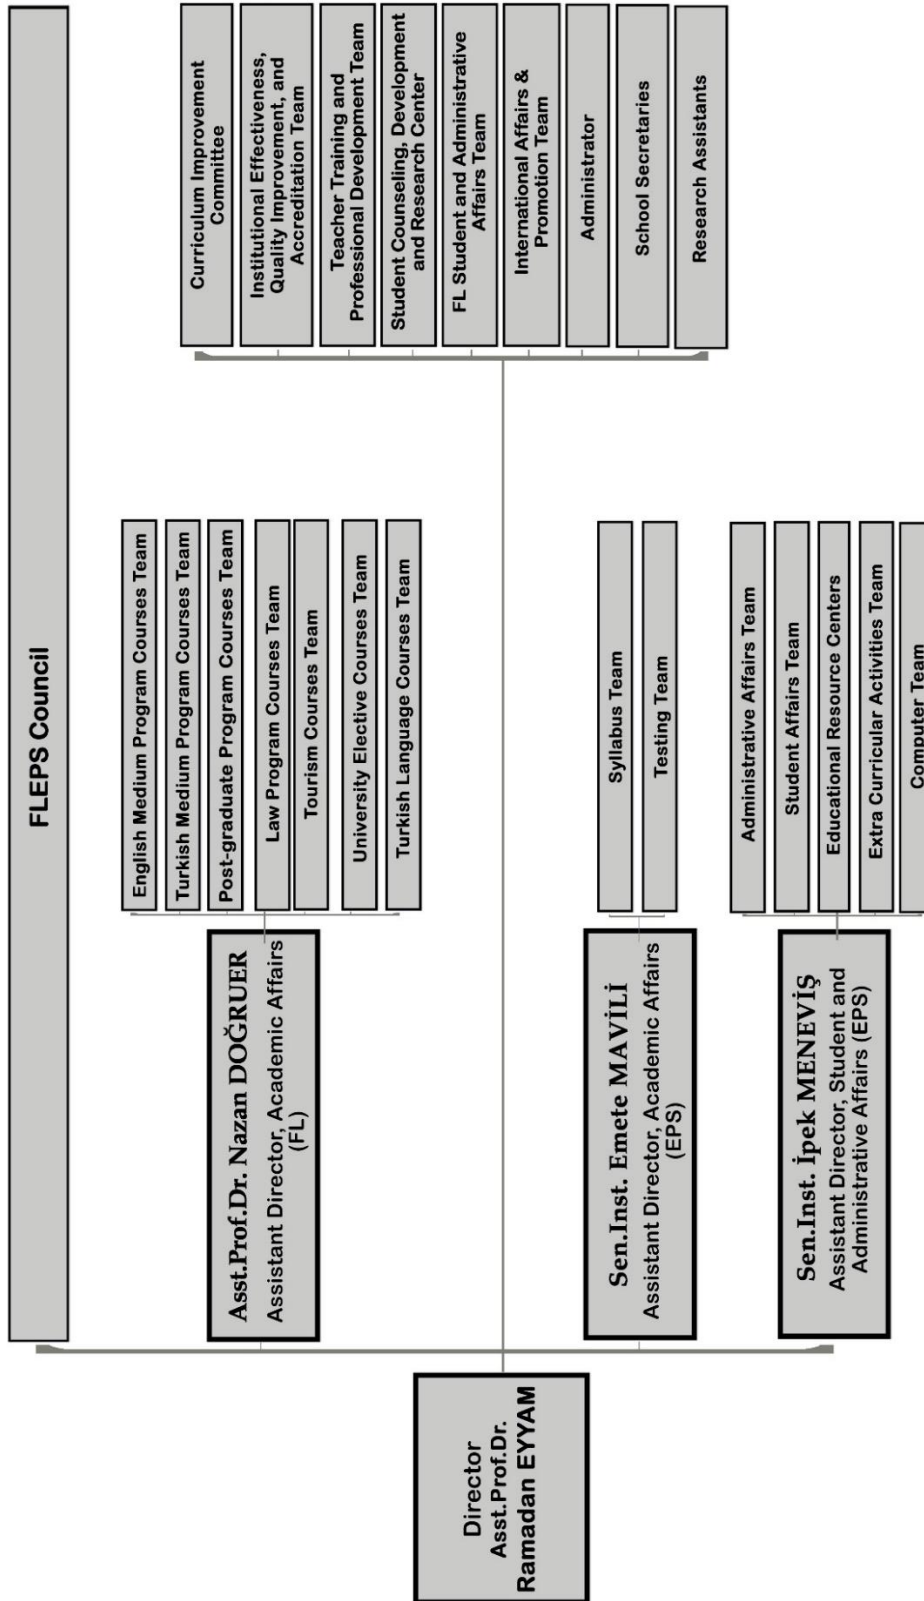

Foreign Languages and English Preparatory School (FLEPS) has been internationally accredited by Pearson Assured for its quality instruction and effective organisation, premises and facilities. Pearson Assured is an accreditation body based in the UK. It evaluates quality processes, and recognises and endorses high quality institutions.

Our school, FLEPS first received accreditation in 2013, after a comprehensive audit and benchmarking by Pearson Assured quality advisors, and verification of our quality processes against international standards. Every year, a quality advisor visits our organisation to conduct a review of our quality management system. We have passed these review visits successfully and are proud to have the accreditation for four years now.

With Pearson Assured accreditation, we have demonstrated that our organisation meets the Pearson Assured quality criteria; we have ensured that each of our learners on our programs receives the same quality of education and training provision by international standards. Thus, the certificates our learners receive by completing their language education at our school will provide extra advantage in their academic and professional careers, since Pearson Assured works with more than ninety percent of the universities in the UK and many organisations and institutions in the US, Europe and Middle East.

## X. STAFF DEVELOPMENT

### C. Effective Teaching

In line with our educational philosophy, and the vision and mission, the primary goal of FLEPS is to develop and maintain a quality-learning atmosphere in which the general and academic learning needs of all learners are catered for regardless of their learning profile, and educational and cultural background. Therefore, FLEPS devotes all its staff, resources and activities towards this goal. Our effective teaching policy follows the principles stated in the mission of our school, which highlights the following major policy items:

- bring our instructional quality to international standards and obtain recognition by an international accreditation;
- keep up-to-date with the latest educational programs and approaches in a fast developing world;
- provide instruction in all the foreign languages we offer in alignment with the Common European Framework of References (CEFR);
- apply needs analysis and program evaluation on a regular basis to revise and improve instructional programs;
- keep a learner-centred approach to instruction aligned with curricular goals which value assessment based on performance and product;
- provide students opportunities for extracurricular activities in which they apply and transfer the language skills they have acquired in class;
- integrate educational technology into instruction and provide resources and facilities for students for technology aided learning;
- encourage students to take responsibility and autonomy in their language learning and offer feedback and guidance as part of scaffolding
- provide students means and opportunities to encourage them to get involved in academic and social activities where they can improve language, academic and social skills.

Following our educational philosophy and mission, we expect all FLEPS academic staff to teach effectively, to carry out their teaching-related and other non-teaching-related duties, and to show positive conduct and manners towards their students, colleagues and their work. We believe this promotes a healthy and stimulating working environment, as well as contributing to improving our students' learning.

We are aware of the fact that school improvement is only possible through individual and professional growth. Therefore as FLEPS we are committed to providing the necessary support and guidance to help each member of staff to develop further and thus reach their full potential. Below are the details of the procedures for staff development to ensure and maintain effective teaching throughout the school.

## D. Professional Development

### 1. Internal and External PD activities

We believe that Professional Development (PD) is essential to maintain our effective teaching standards. As part of our planning for addressing the *professional development* (PD) needs of our academic staff, we send all teaching staff a questionnaire (See Appendix C). This brief survey is based on *Teacher Development Framework* (TDFRAM, a document fully aligned with the European Union effective teaching standards) and asks teachers for a self-evaluation of their teaching and professional skills. In the questionnaire there are five main areas and a number of sub-areas for each main area. Our colleagues are asked to read these and decide whether they think they are **novice** (*Development Phase 1*), **aware** (*Development Phase 2*), or **expert** (*Development Phase 3*) practitioners in each of these (sub) areas. We also send our colleagues a copy of the TDFRAM guiding document. In this document they can find detailed descriptions of each of the five main areas and their sub-areas. They can refer to this document if necessary for their self-assessment while deciding where they are in each area.

The second page in the attached questionnaire gives teachers a brief overview of each of the *Development Phases* (DPs). In this page they will also see a sample self-assessment. After their self-assessment of each skill, our colleagues may also state whether they are willing to receive training in any of the areas where they feel they need development, or offer training to other colleagues in areas they feel they have expert knowledge.

We plan our training events and activities based on our colleagues' responses to the questionnaire. For the areas where our colleagues seek further development, we arrange training activities (e.g., by inviting experts in the field, or sending our colleagues to training seminars, workshops and conferences). We also arrange internal training events where any volunteering members (who stated so in the questionnaire) are welcome to share their knowledge and expertise with their colleagues. In such cases where we would need contribution from our colleagues to internal training activities, who stated willingness to offer support to others, we make an announcement and call for contributors.

### 2. Induction for New Staff

The induction program for the newly recruited full/part-time staff comprises the following components with an aim to monitor their performance and progress for a smooth adaptation process into our instructional system:

**Classroom Observations:** There are two arranged, scheduled observations. These observations are documented (lesson plan, self-reflection form & mentor's feedback), and are in the form of a full-observation cycle (pre/while/post).

**Video Recording:** The teachers in the induction program are asked to do a self/peer recording of one of their lessons and do a self-reflection on the recorded lesson, using a self-reflection form.

**Peer-Observation:** There is one, arranged peer-observation, and it needs to be

- completed after the first observation with the mentor;
- focused; based on classroom observations, personal targets; and
- documented (by filling in a peer-observation form).

**Teacher Portfolios:** Each teacher in the induction program keeps a portfolio with the following documents and filled-in forms:

- CV
- Classroom observations
- Video recording
- Peer-observation
- Reflections on any recent teacher development events
- End of semester report-based on their experience at FLEPS, the course(s) they have been teaching and on the mentoring programme.

Each teacher who is involved in the induction program is assigned a tutor. The tutors are responsible for monitoring performance in the above stages and provide support as and when necessary.

### 3. Formal Qualifications

#### Cambridge Teaching Qualifications (TQs)

FLEPS has been one of the Cambridge English Language Assessment and Authorised Teaching Qualification Centres. Among the courses run were CELTA (Certificate in English Language Teaching to Adults) – a pre-service teacher training course for new instructors; ICELT (In-Service Certificate in English Language Teaching) – the qualification for inexperienced EFL teachers who want to improve their English language teaching skills, knowledge and confidence; and DELTA (Diploma in English Language Teaching to Adults) – an in-service teacher training course for more experienced instructors. Instructors who complete these courses receive an internationally-recognized UCLES (University of Cambridge Local Examinations Syndicate) certificate or diploma.

After the last ICELT course run in 2007, we have re-applied to turn our standby status into active, and our application has been accepted. We are planning to run ICELT courses as of 2018 Spring Semester. We also invest in training of our PD team members, i.e. our tutors, to obtain qualification for offering CELTA and DELTA courses as well. To this aim, we have signed an agreement with the NILE training institute in the UK and started training in the 2016-2017 academic year. For further details of these courses, please contact the Assistant Director for Teacher Training and Professional Development.

**MA/PhD in ELT and MEd/PhD Educational Sciences**

For our academic staff who are interested in developing their knowledge and skills through a Master's or PhD programme to play a fundamental role in school management, curriculum management and staff development, as well as to develop their practical teaching skills to a higher level they can enrol in our university's Faculty of Education graduate degree programmes, offered as part-time.

FLEPS may also support instructors to take part in external courses and degree programmes, e.g., enrolment in a local university's MA in ELT, or a programme at a university abroad.

Regarding the conditions for application and commitment requirements for these Master's and PhD programmes, please contact the Assistant Director for Teacher Training and Professional Development.

**4. Research Procedures and Support for Conference Attendance**

FLEPS encourages its academic staff to do research and attend conferences and does its best to provide financial support to those who will present research findings at conferences.

The responsible body concerning research related activities is the Research Advisory Board. The Research Advisory Board and the Research Support Office aims to promote research by granting publication awards for scholarly articles published in indexed journals as well as support for attending scientific conferences, and provides support for research activities. Details regarding all research related procedures can be found at <http://research.emu.edu.tr/>.

**E. Instructor Appraisal**

The appraisal process is in alignment with the university's by-law. According to the rules and regulations as stated in the by-law, teacher appraisal takes into consideration the academic performance of its teaching staff based on their

- academic research and publication activities,
- teaching and professional development, and
- service to university and society.

Performance appraisal is conducted at the end of each academic year and the teaching staff members are asked to write a brief report with details of their performance in regards to the three main categories stated above.

## XI. FLEPS EDUCATION SYSTEM

### A. FLEPS Educational Philosophy

At EMU-FLEPS, we have always believed that the most critical element of a school's philosophy of education is how it impacts the behaviours, decision-making and actions of the teaching team within the institution. **What our teachers know, what they do with their students** (with what they know – and learn continuously), and **how they approach continually improving what they do in the classroom is critical to this.**

Our experience and research over the years have repeatedly demonstrated that the **'best practice' we support and encourage in all our staff** should be grounded on the following beliefs and practices in the classroom:

- Teachers who **exhibit a passionate, positive and enthusiastic approach** to learning and teaching are better able to create the type of **classroom climate that promotes students' motivational levels.**
- These teachers typically recognise that **genuine interest in the lives and learning of students, an authentic sociocultural awareness** of and **acceptance of their own and students' cultural identities**, and **credibility in the eyes of students** makes all the difference in levels of **student motivation, learning gains and success.**
- **Student motivation in language learning is driven by the quality of the relationship with the teacher**, how and how often they are given opportunities to engage their natural curiosity, and the extent to which they are **empowered to use their 'voice(s)' and make their own 'choice(s)'**.
- Effective language learning requires teachers to **take a learning- and learner-centred teaching approach**, using appropriate methodologies / approaches and instructional technologies for this end.
- Good teaching frequently **allows students 'to learn by doing', reflection and self-assessment and effective teachers can** balance this with **structured, spiral practice.**
- Highly effective teaching is typically characterised by **promoting a 'questioning culture in the classroom', a focus on building learner autonomy over time, and emphasising not only 'what students learn' and 'how students learn'.**
- Meaningfully **combining language and mediation skills development** with pedagogic tasks and activities requiring higher-order thinking skills is a typical ability exhibited by highly effective instructors.
- Exemplary teaching occurs when **teachers encourage students to think**

**about local, national, and international issues**, address relevant cultural and social issues to expose students to the target language and **respect the cultural backgrounds of students and their traditions**.

- Higher level teaching practice provides students with **opportunities to make guesses, learn from errors made, co-create meaning with peers** and build their own solutions or responses to challenges and pedagogic tasks - rather than simply 'find the correct answer'.
- Respectful and caring expert instructors recognise that **upholding the FLEPS policy of using the target language as the medium of instruction** within the classroom and medium of communication outside the classroom (whenever possible) **supports our goal of co-creating a community of learning that lasts and belonging across EMU**.

When combined with **our beliefs about learning** and **student success**, these types of teacher behaviour and action, our educational philosophy come into sharper focus.

We further believe:

- Students of all ages need to learn English language, communication and mediation skills **to fully participate in today's increasingly global and complex world**.
- Language learning is **a developmental, interactive and reflective process** in which **context, the students' experiences, and the learners' self-efficacy impact the student achievement level**.
- Students learn best in a **warm and supportive environment** where they **feel the teacher truly cares about them and their success**.
- **'Language learning that lasts'** occurs when **students become active participants** in their own learning and **take an action-orientated approach to language learning**.
- Students' language learning is best facilitated by **a clear focus on learning outcomes** (rather than teaching inputs or textbook coverage) and when institutions and **teachers place learning at the heart of their decision-making, lesson planning** and the **assessment of learning in all classroom sessions**.
- A fundamental component of improvement, growth and success in language learning takes place when **students are provided with timely, useful and regular feedback**.

#### **XIV. PROCEDURES & PRINCIPLES**

##### **A. Leave Procedures**

*For Leave Procedures, please refer to FLEPS Administrative Procedures and Policies, items 85 – 92 on pp. 25-27.*

*A sample letter of leave request is available as Appendix D.*

##### **B. Exam Procedures**

Exam invigilators must pay extra attention to the instructions below during the exam period and inform the students about the exam rules below before the exam starts.

###### **1. Before the Exam**

- Be at the exam room at least 10 minutes before the start of the exam.
- Arrange the seating of the students with at least one or two empty seats between each student.
- Ensure that students put their course materials and other possessions in a place where they cannot be used during the exam.
- Ensure that students' mobile phones are closed and that they are in a place where they cannot be used during the exam.
- Remind students to put their ID on the table.

###### **2. During the Exam**

- Ask the course instructor the length of the exam and if there are any special instructions. The start and finish time of the exam should be **written on the board**. Ten minutes before the end of the exam, students should be informed by saying '**10 minutes left**'. No other written or spoken remarks that will affect

---

the student's concentration should be made.

- Not allow any student to leave the exam room within the first 30 minutes of the exam. Students who have finished within 30 minutes should be asked to wait at their table.
- Allow late students who arrive within the first 30 minutes to take the exam, however, these students should not be given extra time at the end of the exam.
- Check the ID of each student and make them sign the exam attendance list with a **BALLPOINT PEN**. During this stage it should be checked that the names on the exam paper, ID and exam attendance list are the same.
- Allow students who have no ID to the exam. Invigilators can check student ID via portal. If there is no photo, the course instructor can check the student's ID.
- Accept students into the exam whose name is not on the exam attendance list and who **HAVE CHANGED EXAM ROOMS**. The student's name should be added to the exam attendance list and this should be mentioned to the course instructor before the end of the exam.
- Definitely not allow students to exchange pens, pencils, rubbers and especially calculators and electronic equipment. Invigilators may assist if students require pencils, pencil leads and rubbers.
- Allow students to bring water or drinks to the exam as long as no copying is going on and while checking that there is no writing on the drink label. Food should not be allowed.
- Put a stop to behaviour that will interrupt concentration both of invigilators and especially students (e.g. telephone conversations, even in front of the door; chatting to other invigilators/instructors; reading books or exam papers; using the laptop or mobile phone to go online; listening to music with headphones etc.)
- Ensure that a student who wants to go to the toilet is accompanied by another invigilator.
- Never give replies or make comments to a student's question regarding the exam questions, even if the invigilator is an expert in the field.
- Not stay in one place during the exam. If an invigilator suspects that copying is taking place, they should walk up and down the rows without disturbing other students.
- Not forget that it is not in the authority of the invigilator to lengthen the exam time set by the FLEPS Administration. If there is a valid excuse, the FLEPS Administration should be informed immediately to take the necessary actions.
- Speak quietly and use signals if a student requires warning, in order to ensure that other students' concentration is not affected.
- Consider it as an attempt to cheating by the FLEPS Administration if a student takes out his/her mobile phone out of his/her bag or pocket for any reason during the exam.
- If there is more than one invigilator in the exam room:
  - Remain in the exam room in Proficiency Exams (Stage I and Stage II).

- remain in the exam room if there are more than 30 students in a large exam room.
- remain in smaller exam rooms for at least the first 30 minutes. After the first 30 minutes, an invigilator may leave only with permission from the FLEPS Administration and with certainty that at least one other invigilator will be in the room until the end of the exam, either continually or by agreeing a rota with the other invigilator. It should not be forgotten that in some exam rooms a second invigilator is present in case an invigilator is urgently needed on the same floor.
- Remind students that they should use pencil when marking their answers on the optic answer sheets.
- Remind students who have 6 digit student numbers to leave the last 2 digits empty.
- Tell students to take care of any business before the start of the exam (e.g., toilet).
- After distributing the optic answer sheets check that students have filled them correctly based on the information provided in the student attendance list (student no, a-b booklet, name,...etc.).
- In case of any disruptive behaviour, take action accordingly (e.g., change his/her place, etc.) If the student does not change his/her behaviour please inform the instructor(s) immediately and the administration when the exam ends. Do not attempt to confront the student yourself.
- When a student is handing in his/her exam booklet and optic answer sheet, check that the information filled in matches the information on the student attendance list.
- Make sure the student name and number is correctly indicated on both the optic answer sheet and the exam booklet.
- At the end of the exam count the exam papers and the extras before submitting the exam envelope to the responsible body.

### **3. In Case of Copying/Cheating**

If a student is caught copying, giving answers to another student or attempting to copy:

- Take the evidence of copying.
- Record the exact time when the copying took place on the exam attendance list, as well as details of how the copying took place.
- Inform the FL Student and Administrative Affairs Team at the first opportunity and submit the evidence of copying.
- Not take away the student's exam paper or tell the student to leave the exam room. This is in the authority and the responsibility of the FLEPS Administration.

### **4. After the Exam**

Before returning the exam papers to the responsible body;

- Check that the number of exam papers matches the number of students on

the exam attendance list.

- Arrange the exam papers in an orderly manner (according to groups if applicable).

### **5. Optic Form Procedures**

- After the exam is administered, optic forms will be separated and checked (if the students coded their ID numbers correctly, etc.) by the instructors.
- No errors (except student's information – e.g., student number – name – surname – group number) will be changed as this will be considered tampering with the exam.
- After sorting the envelopes, the answer key and the optics will be given to the FL Student and Administrative Affairs Team for processing.
- Data from the optics will be sent to the academic coordinator / overall organiser to share with his/her team.

## **C. Grade Change Procedure**

### **1. Procedures to Follow**

Teachers who are going to apply for grade change should:

- Enter their academic portal ([newportal.emu.edu.tr](http://newportal.emu.edu.tr))
- Click on academic affairs link
- Click on "Student Grade Change Application"
- Make sure that course code, group number and student's number are entered correctly.
- Remember that a logical and valid explanation should be made.
- Final approval will be made by the FLEPS Director.

### **2. Points to Consider**

Grade change requests with extreme cases like requesting a grade change from D to A - meaning a minimum grade change of 30-35 points might cause problems

We are sure that you will appreciate how such requests might put us in difficult situations as the Rector's Office questions such extreme grade changes, as well as the justifications given, like;

- the teacher found the missing exam papers of the students after the scoring is completed and grades are submitted, or
- semester projects were submitted after the letter grade is given, and the teacher decided to accept these overdue submissions, etc.

We should pay utmost attention and care not to encounter such problems so we are advised not to make any grade change unless it is necessary and justifiable.

## **D. Meetings**

*For Meeting Procedures, please refer to FLEPS Administrative Procedures and Policies, item 9 on p. 3.*

## **E. Responsibilities Regarding Buildings**

All members of staff are responsible for looking after the buildings/classes, facilities and equipment that they are using. If there are broken/damaged chairs/windows/equipment, please report the details immediately to the Administrator of the building that you are using. If you witness any incident taking place, try to identify who the students are and then write an incident report and submit it to the secretary's office of your building. (If you are in CL building, please submit your report to the CL Administrator). If all staff are firm in dealing with misbehaviour, this will greatly help to establish a calm and orderly atmosphere within the university. If you notice anyone acting suspiciously in the buildings, inform the security guards immediately. Students and strangers are not allowed to enter the Educational Resources Centre (ERC), team rooms or the Meeting Room. All buildings in our university are designated non-smoking. All staff members are required to maintain the no-smoking rule.

## **F. Recruitment**

We endorse in full the policy statement of our university's Equal opportunity in employment. The school's staff development and recruitment and selection policies are based on good equal opportunities practice. Our university's recruitment policy and procedures are clearly outlined in the EMU website (<http://ww1.emu.edu.tr/en/academics/job-opportunities/1237> ).

Students are informed about the criteria for receiving the "NG" grade by the related course instructor at the beginning of the semester. "NG" grade is included in the computation of GPA and CGPA.

FL Students should submit their health reports to their departments. Decision(s) coming from their department will be in process during the academic semester.

### **C. Keeping Records**

Instructors must archive the assessments (e.g. exams, quizzes, portfolios, etc.) of their students in their offices at least for two years.

Students who are taking courses from Foreign Languages Division are responsible to keep all of the assessed activities/tasks done in class until the end of the academic semester. In case of losing any assessed materials done in class (homework, quiz, language file, portfolio, outline, draft, etc.), the course instructor has no responsibility at all.

### **D. Announcing Exam Results**

Exam results are announced within 5 working days. Students can see their exam results on their student portals.

# **XVI. FACILITIES AND ACTIVITIES AT FL DIVISION**

## **A. Educational Resources Centre (ERC)**

The Educational Resource Centres, located in the English Preparatory School and Foreign Languages Division, offer a wide variety of rich resources and photocopiable materials for teachers applicable for the effective teaching of any subject. They also serve teachers with internet research on computers, printing, photocopying and laminating.

There are photocopy machines to photocopy extra materials and to print out anything related with education. The centres have wide collection of multimedia resources such as audio and DVD's and various equipment. Most of the materials are on open shelves

---

and some resources are stored as all teachers may borrow books and available materials from the ERCs.

The ERCs are not just places where teachers borrow books to be used as reference or for professional development; they are also places where teachers come together and share their materials or handouts with each other. There are also comfortable armchairs and sofas where teachers can sit and socialize with each other while enjoying a cup of tea. There are always responsible ERC members who are ready to help teachers from 8.00 am till 17.00 pm. At the beginning of each Academic Semester, all the course books and CDs are distributed to the academic staff in the ERCs. It can be clearly stated that they are not centres where teachers can benefit from different things. While they serve as little libraries, they also give teachers the opportunity to have informal 'caring and sharing experiences' even during photocopying.

### **B. Multicultural Education Activities**

Introduction to Multicultural Education course at Foreign Languages Division aids students to be able to discuss global and cultural issues such as globalisation, multiculturalism, identity, and so on. Every semester volunteer students go on a trip to learn more about the local culture. Moreover, the awareness-raising project is assigned to raise students' awareness of the world issues that affect us all.
