

COMMUNITY INVOLVEMENT PROJECT SPRING 2022-2023

Name of the Project: Rainbow

Project Teacher: Eylem Akim

Code: RNB Group 2

Aim of the project:

- To derive students' awareness towards the environment and to create the feeling of responsibility towards our society and environment.
- To take an active role in a project that would make our environment a better place to live.

Visit 1: Litter Collection, Bedis Picnic Area / Glapsides

Objectives: to engage the students in litter collection and to increase recycling awareness.

Visit 2: Nature Walk, Büyükkonuk Village

Objectives: to guide the students to observe the nature and gain more environmental awareness.

Backup: In case the weather is not suitable for outdoor activities, students will prepare leaflets in their classrooms on environmental issues and walk around the building and distribute the leaflets to raise awareness on the issue.

For more information please contact:
